Who is ShieldTech® right for?

ShieldTech® is a great fit for first responders, especially law enforcement and EMTs (or anyone who handles bodily fluids), as well as fleets where vehicles are shared across shifts. It's also ideal for crews putting in long days around heat, sweat, grime, and other liquids on the daily.

Features + Specifications

- Slows bacterial growth before it turns into odor or stains
- Helps reduce cross-contamination in shared vehicles
- Makes cleanup easier after spills, sweat, or bodily fluids
- Protection is embedded in the fabric, not sprayed on
- Keeps seats usable longer in high-abuse environments

Pros + Cons

Pros

- Built-in antimicrobial protection using silver and copper ions
- Proven lab results with a 99.99% reduction in bacterial growth
- Treatment doesn't wash out or wear off over time
- Ideal for shared vehicles and high-risk environments
- Same durability standards as TigerTough's core fabrics
- Enhanced moisture-wicking abilities

Cons

- Not necessary for every application or single-driver vehicles
- Slightly higher cost due to antimicrobial treatment
- Overkill if hygiene and shared use aren't concerns
